## **TAKE A WINE TOUR THAT'S AS SPECIAL AND INDIVIDUAL AS YOU ARE**

There are a lot of one-size-fits-all wine tours out there - yet wine tasting is very personal. It reflects your tastes, your personality and your preferences and with over 700 wineries in the Napa and Sonoma wine country, choosing which ones to go to and getting there can be a daunting task.

Here at PF Wine Tours, we have personally visited, tasted and experienced every winery we recommend and through that process, found quite a few "hidden gems" - wineries that don't allow large tour groups and where you often meet the winemaker and/or owner. We have weeded through many and only take you to places that meet our criteria on a consistent basis.

### **Lunch / Dinner Limo Service**

#### **Airport pickups**

**San Francisco (or any Bay Area location) pickup/return (extra fees may apply if outside 15-mile radius of Napa)**

**Proposal planning at exclusive private wineries**

**Rates starting at only \$40 per hour (your rental)**

**Our Luxury SUV - \$65 per hour**

**Best prices in town and we don't charge those pesky additional fees like 13% "tax and CPUC license fees", whatever they are - we thought it's the cost of doing business!**

**GO [HERE](#) FOR RESERVATIONS OR CALL 707 771 0373- we almost always answer right away or call you back quickly plus you can call up to 11pm CaliTime!**

## Wineries we visit and recommend

We personally visit every winery that we recommend and take you to. Wineries must have :

1. Amazing wine (hard to find mediocre wine in Napa but it happens; in Sonoma, it is much easier to find disappointing wine or wine that is sold everywhere-we don't take you there!)
2. Consistently excellent hospitality; fun, knowledgeable hosts
3. Great atmosphere-can be gorgeous winery, amazing views, quaint and small or just great fun
4. Passion-we love wineries where you can feel the passion that goes into making their wines, the passion for their winery, their vineyards, the art they display...intimate places that don't feel "corporate" because they are not!

As of April 2014, we have personally visited and toured over 220 wineries in Napa, Sonoma-Sonoma and Sonoma/RR/Healdsburg. We have tasted the wines and toured the wineries and in many cases, we have met the owners and/or winemakers and listened to their story. Big or small, well-known names or not, each winery has its own personality, especially the more out-of-the-way, smaller, hidden-gem wineries. When you book a private tour with us, we make appointments at wineries that suit your preferences and the personality of your group.
